

# Service Bulletin

Date: January 2004

Bulletin No: 06 001 04 (001)

## BMW Motorrad USA

**Subject:** BMW Motorrad Diagnostic System CD 13.1  
BMW Group Tester One (GT-1)

The BMW Motorrad Diagnostic System CD 13.1 is now available and will be forwarded to each retailer in the very near future.

The BMW Motorrad Diagnostic System CD 13.1 supercedes CD13.0.

**Contents:** The Diagnostic System CD 13.1 includes the following new information:

Correction of communication fault with ABS2 control unit (applies only to the GT-1 application).

Full functionality for the BMW MoDiTeC and the BMW GT-1.

CD 13.1 will be sent to each retailer as part of the automatic tool shipment program.
